The county is reviewing that. One last review before adoption. Getting minutes from bylaws on website. Comments from Sumner about trying to make sure that we have good execution in sending out the survey so we can get responses quickly to move forward. We should have email communication established. Betsy-This is part of the reason why we started collecting emails. 10 day window for responses on the survey. Facebook reminder to check email. Test email can get sent out to verify that it is working. Also have some info for new community members. Michelle recommends deadline to send out test email.
