3) Report of Administrator
    Not alot of unpaid dues.

Michelle moves to approve
Betsy Seconds
All Approves

    a. Attachments

4) Old Business
    a. Bylaw's Committee Update
        i. Online survey

Meeting in October last week. Work on the STR committee. Discussion about safety and communication of it. The group came up with a potential form for registering them. Decided that first they need input on the community's thoughts on STR's. Created online survey. Get feedback on what people think about STR before they gofurther in developing policies. Simple straight forward survey. Group recommends that the board approves sending this out to association members via email. Link on website and facebook as well. Betsy wants to send this to all the board members for review first as there are only 4 board members present. Suggested change about question 2 specifying if they've stayed in an airbnb anywhere.

Question about rules regarding dogs and children should apply to all residents and not just Airbnbers.

More discussion on questions and how to phrase them.

Unsupervised kids needs to be rephrased more as a safety concern.

Jim will take it back to the committee for further discussion at the next meeting.

Remove renter as option in Question 1.

County Laison - county is supportive. Feedback is they want it to be a position that isn't a revolving door. Want a couple year terms. So they have a consistent point of contact and input from the community gets funneled through the liaison. Want to reduce the amount of points of contact
Reviewing if there are other examples of this with other communities for reference.

Safety committee main concerns around STR.

Not all workgroup members were present. More people will be there next month.

b. Building Committee Updated Guidelines

Create a survey to see if the community wants stricter design guidelines. Update the building application to better explain the rules we are already enforcing about door locations, chimney location, floor to ceiling windows etc.

c. Non-profit Board Training

$305 per year for board member training. Dedicated to HOA's not just non profits. You can access and use their resources whenever you use it. Cheaper to access than contact attorney. Common questions faq's available. $55 per board member 5 week bootcamp. Starts in February. Every wednesday for 2 hours. Not every member needs to participate but all can have access. Maybe you can rewatch previous ones. Not tailored to our specific board but it's general and applicable to us. When you sign up you get packets and toolkits. Comes highly Recommended. 2nd option is more of a management style and do the finances and taxes. Not what we are looking for. Also provide training $150weekdays, $200 for weekends. Michelle leaning towards the chapter association. This would be less than 1 hour of Winbauers time.

Vote on the membership $350 and see how good it is and then vote later if we want to do the bootcamp.

Matt motion to approve, Michelle, second. Jim approves.

d. Records Digitalizing

i. Email addresses

Good progress on the email list

e. Obnoxious behavior letter

Michelle will review the video and draft letter.

5) New Business

6) Guest Comments

7) Communications

8) Building Committee:
    a. Lot 5

    Needs to make windows not go to the floor

    b. Lot 48

9) Meeting Adjourned
    a. Next Meeting Date: 12/06/2022

    Michelle moves to end the meeting.
